

The School District of University City: CSIP Focus

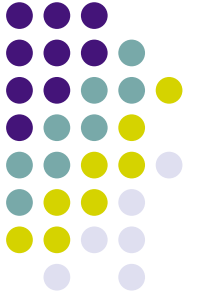

December 1, 2009

CSIP Focus Overview

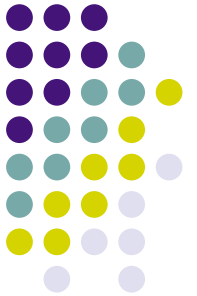

- Based on MSIP report findings
- A District-wide accountability system
- Focused on results for students
- Grounded in PELP Framework: A Comprehensive Reform Model
- Part of Comprehensive School Improvement Plan (CSIP)

CSIP Focus Goals

- Collaborate around essential learning and challenging student work
- Collect evidence of student learning through formative assessment
- Design an instructional response based on student needs and assessment data
- Monitor, document and evaluate student progress

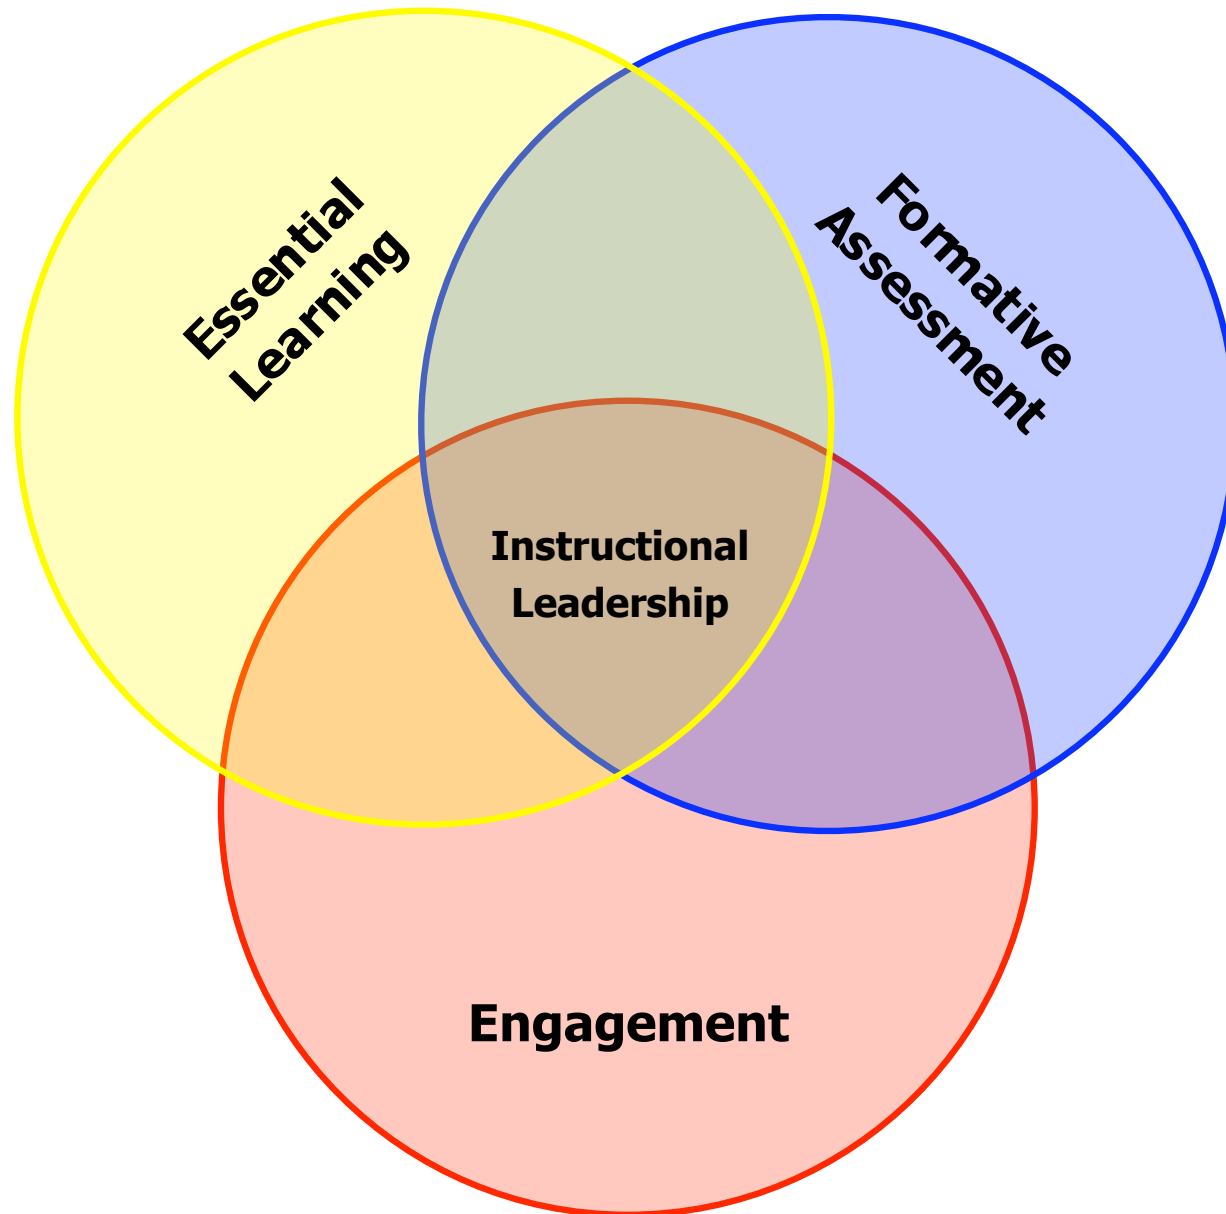

A District-wide Improvement Model

PELP Coherence Framework

- Instructional Core
- Strategy
- Culture, Structure, Systems, Resources, & Stakeholders

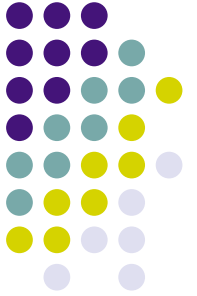

CSIP Focus: The Instructional Core

CSIP Elements

- Focused on evidence of student learning
- Structural strategies (instructional leadership development for principals)
- Teacher collaboration around student work and student data
- Results orientated
- Monitoring/Evaluation (tools)

Next Steps

- Revise CSIP to reflect CSIP Focus
- School Improvement Planning and Monitoring
- 2010-2011 PD Plan Development
- January and May 2010 Academic Reform Committee Meeting (Accountability)
